Tribal Map - Somalia

1. Experts on Africa in the Geographic Area, ORR, are appreciative of receiving the "field" map showing up-to-date tribal areas in Somalia. As requested, a fair copy of the map will be prepared and reproduced in quantity (30 copies) for your office. Additional copies will be placed in the Map Library, ORR, for your convenience.

2. The efforts of the field personnel to up-date existing maps dealing with tribal problems and distribution are most encouraging. Intelligence studies dealing with this topic are planned and will be considerably improved by field contributions of this type. (No comparable information to that shown on this map currently existed at Headquarters).

3. It is highly desirable to have similar coverage on other parts of Africa where tribal conditions warrant attention.
